LODGING

- **Hampton Inn Corydon**
 - Reduced room rates for drivers and tour guides, this is evaluating on a case by case basis. Currently most of the public areas are closed including pool, fitness center, and breakfast area. A grab and go individually wrapped breakfast is available. If there were specific needs of a group for breakfast, accommodations can be made, on an individual case basis. Baggage handling is offered, but bags are only delivered to the room and not placed inside the rooms to limit the number of people entering a guest room.
 - Participating in the Hilton/Lysol Clean Stay initiative. This means they are cleaning common areas, such as the lobby and elevator lobbies more frequently and with more attention given to the high touch areas. We also have hand sanitizer and disinfecting wipes located throughout the building for guests to use. In the guest rooms, our housekeeping staff thoroughly cleans

each room and then goes back over the high touch areas (doorknobs, thermostat, light switches, etc.) with Lysol disinfectant. When housekeeping leaves a room, they place a seal over the door to indicate that no one has entered that rooms since it was cleaned. As a Hilton requirement, all team members are required to wear masks.
